

# CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the "Directors") of Classified Group (Holdings) Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief, the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

#### MANAGEMENT DISCUSSION AND ANALYSIS

#### **Industry Overview**

During the six months ended 30 June 2018, the business environment of the food and beverage industry remained challenging, dynamic, and competitive. Pressure from rising food costs, rental expenses, utilities expenses and labour costs are enduring, which further squeeze profit margin. People are more budget conscious and sensitive to the amounts they spend on food and the revenues of our restaurants, especially for our full service restaurants, were weaker than expected. The management believes the difficult situation may continue, which will adversely affect the food and beverage industry and Group's performance.

To operate in such a difficult macroeconomic environment, we need to be agile, flexible and adaptive. We will embrace changes with flexible marketing strategies and efficient operational discipline, continue to reshape our business model and make decisions necessary to enhance the profitability of the Group.

#### **Business Overview**

During the six months ended 30 June 2018, our Group operated eleven restaurants under the "Classified" brand and one restaurant under "The Pawn" brand.

"Classified" restaurants are a collection of casual European cafés specializing in artisan breads, cheeses and boutique wines, and are renowned for their breakfast and all-day dining menu. Offering casual seating areas in most locations, Classified encourages neighbourhood street-level interaction. It is our Group's flagship brand and contributes to over 69.7% of our total revenue. During the six months ended 30 June 2018, Classified recorded revenue of approximately HK\$44.1 million (30 June 2017: HK\$44.6 million), representing an decrease of approximately 1.2% as compared to the last corresponding period.

"The Pawn" is a full service restaurant located in one of Hong Kong's iconic landmarks. It marries a contemporary dining and bar concept with a unique innovative space aiming to be more than just a dining experience. A communal social venue for an eclectic mix of groups and sub-cultures at any time of the day or night, celebrating retro-futurism, arts and design through casual-chic, alfresco and contemporary dining. During the six months ended 30 June 2018, The Pawn recorded revenue of approximately HK\$17.4 million (30 June 2017: HK\$17.4 million), which remained relatively stable as compared to the last corresponding period.

"The Fat Pig" was a full service restaurant with a pork-based concept by British Chef Mr. Tom Aikens. The Fat Pig's financial performance was below our expectation due to the decrease in the number of visitors and shoppers and spending of customers in that district. Given the adverse impact of The Fat Pig's financial performance on the Group's overall financial performance, the Directors considered that it was in the best interest of the Shareholders to close down The Fat Pig and divert the Group's existing resources to the remaining brands, namely "Classified" and "The Pawn". As such, The Fat Pig was closed on 7 September 2017 and no revenue was recorded for the six months ended 30 June 2018 (30 June 2017: HK\$5.6 million).

In addition to the above restaurants, the Group also owned and operated a central kitchen which supplied bread, bakery and semi-finished food products to our restaurants and other corporate customers throughout the reporting period (the "Bakery Business"). During the six months ended 30 June 2018, our central kitchen recorded revenue of approximately HK\$3.0 million (30 June 2017: HK\$4.3 million), representing a decrease of approximately 30.9%, as compared to the last corresponding period. Segment loss for the six months ended 30 June 2018 was approximately HK\$4.1 million (30 June 2017: HK\$1.8 million).

#### Termination of the Bakery Business and Central Kitchen

In June 2018, taking into consideration the above factors, the adverse impact of our Bakery Business's financial performance on the Group's overall financial performance and its prospects, the Directors considered that it was in the best interest of the Shareholders to re-structure the Group's business, terminate the Bakery Business and close down its central kitchen (the "Termination"). For further details, please refer to the Company's announcements dated 22 June 2018 and 10 July 2018 (the "Inside Information Announcements").

The Directors believe that the Termination would not materially impact the Group's operations as the Group's individual restaurants are equipped to process and produce the food products (including bakery products) in their own kitchens. In accordance with the terms of the tenancy agreement of the central kitchen, the Group has informed the landlord of its intention to early terminate the agreement, introduced a new tenant who will take over the central kitchen and will hand over the premise on 1 October 2018 or earlier. No additional compensation is expected to be made to the landlord in respect of the early termination.

As disclosed in the Inside Information Announcements, the Directors confirm that: (a) the Company intends to carry on its existing businesses on both casual and full-service restaurant operations; and (b) other than the Termination, the Company has no intention, arrangement or understanding to dispose, scale-down or terminate its existing businesses and/or any major operating assets.

Subsequent to the Inside Information Announcements, the Directors confirm that the Termination had taken place and had been concluded on 4 August 2018. Further, the Company signed a memorandum of understanding with an independent third party for the acquisition of the central kitchen's fixed assets and takeover of the kitchen on an "as is" condition for a consideration of HK\$200,000. Such acquisition is expected to be completed on or before 15 September 2018.

#### **Future Prospects**

The food and beverage industry is always a challenging industry with intense competition and high operating costs, such as rising rental expenses, food costs and labour costs. Our success is heavily dependent on the dining concepts and economic conditions of Hong Kong.

Our Group's key risk exposures and uncertainties are summarised as follows:

- our Group may fail to find commercially attractive locations for new restaurants and/or renew existing leases on commercially acceptable terms, and the aforesaid potential failure would have a material adverse effect on the Group's business and future development;
- (2) the operation of the Group may be affected by the price of the food ingredients, including the price of the imported food ingredients which will be affected by the fluctuating exchange rate; and
- (3) there may be labour shortage in the future and competition for qualified individuals in the food and beverage industry may be intense.

For further details on the risks and uncertainties faced by our Group, please refer to the section headed "Risk Factors" of the prospectus of the Company dated 30 June 2016 (the "Prospectus").

To manage the Group's risks and to improve the Group's overall business, we currently plan to:

- (1) open four new restaurants and relocate one restaurant, with at least one in Kowloon in order to establish our business presence in Kowloon. We have identified potential locations for some new restaurants and received various tenancy offers from relevant landlords. We are still negotiating terms with the relevant landlords and have yet to sign any lease agreement for such new restaurants;
- (2) enhance and upgrade our existing restaurant facilities; and
- (3) enhance our premium food and fine wine programme in order to entice higher spending customers to visit our restaurants.

Our ongoing expansion and enhancement plans will improve our market share while we will continue to refine our business strategy to cope with the continuing challenges. We will also proactively seek potential business opportunities that will broaden our sources of revenue and enhance value to the shareholders.

#### FINANCIAL REVIEW

The decrease in revenue for the six months ended 30 June 2018 was mainly due to the closure of The Fat Pig restaurant in September 2017.

During the six months ended 30 June 2018, the Group recorded an impairment loss of property, plant and equipment of approximately HK\$2.2 million as a result of the Termination of the Bakery Business mentioned above.

The loss attributable to owners of the Company was approximately HK\$9.1 million for the six months ended 30 June 2018 (2017: loss HK\$21.1 million). The decrease in our loss of the Company was mainly due to the decrease in staff costs, property rentals and related expenses and depreciation, which were primarily attributable to the closure of The Fat Pig restaurant in September 2017.
